Creative Homework

 **Make a clock and write an O' Clock time.**

Cut out the numbers and place them in the correct spots: 12 at the top, 6 at the bottom, the rest around the edge in order.

Then choose any o'clock time you want:

Set the big hand to the 12. Set the small hand to the hour you've chosen.

Now the creative part! 

Write a sentence telling what you usually do at that time.

Example: At 7 o'clock, I get ready for school.

Submit:

Thursday, 26th 😊
